Dear Mr. Timmers

Ministry of Education, Culture and Research of the Republic of Moldova hereby gives full support to Climate Action Project which will be launched in 2020 for the first time in the Republic of Moldova.

The Climate Action Project involves more than 100,000 students across 100 countries. It is organized in collaboration with World Wildlife Fund, UN, NASA and endorsed by scientists and public figures. The project is free, student centered and aim to lead to a change of behavior through education.

It offers teachers access to free platform allowing them to across curriculum and connect and collaborate on global scale. Students are offered engaging activities and will explore, discuss, create, connect and share findings via weekly videos so they are able to learn in an authentic way from their peers living in five other continents.

Yours Sincerely,
